## About This Series

When Rachel wakes up in the basement of an unfamiliar building, she finds herself lost all her memory. As Rachel tries to get clear of the basement, she runs into Zack, a scythe-carrying serial killer wrapped from head to toe in bandages. "Kill me, kill me please...", she says. "I will do it, but only if you help me to get out of this building." The bizarre promise brings these two together and somehow makes them an irreplaceable partner to each other. Where are they? Why are they trapped? And what is the destiny they have been looking for? The journey of death and lives starts...

good game lovely story. Just as what you'd expect if you seen the anime. 10/10 <3. \u2665\u2665\u2665\u2665ing amazing game, and it really shows since it was given an anime LUL  
simple pixel art but its cute in a creepy way, the story is really good, both main characters are really well done too, they're character development is so well done and so cute~!

actual kreygasm. It was a very nice game. I hated Zack at first but he got better as time went by.  
It wasn't the best game I've ever played, but it was still fun.. Please... kill me. I'm really really in love with this game, haven't seen anime adaptation yet but i'm sure its also goodie. I strongly recommend everyone to buy and play this game. All of the characters are interesting, especially Zack <3 He's just very cute. Sooooo if ya got money go and buy it :)

This game is weird and pretty messed up. It's amazing how attached you get to the two main characters throughout the game.

I wouldn't consider it scary by any means, but it is a fun game!
